FALCON CLUB OF AMERICA MEMBERSHIP APPLICATION

We are the **THE FALCON CLUB OF AMERICA** and
we are **STRONG** in our conviction and dedication.

WHY A FALCON CLUB?

FCA was formed to band together owners of the Falcon automobile to provide an exchange of ideas, technical information, amusing reminiscences and the availability of parts (often at a substantial discount). Lasting friendships are formed through local get-togethers and at the Club's National Meet each year.

WHAT MEMBERSHIP MEANS

Whether your Falcon serves as everyday transportation, a relaxing plaything, or both, you'll find valuable help in your preservation and restoration as well as interesting facts and information from the Club and many fellow Club Members.

Our Newsletter, "**THE FALCON NEWS**" is sent out each month to all the Club's Members and contains information so valuable you will want to file it away for future reference.

WHO BELONGS?

FCA has people of all ages — from retired folks to teenagers still in school. Among our members are men and women of all professions; individuals who could certainly afford more costly or newer cars if they chose.

PREMIUM PACKET

Every new member receives a New Member Packet upon payment of dues. This includes a personal membership card, Falcon Club cards to pass out to others who might be interested in the Club, and a copy of the latest Newsletter.

Dues are \$25.00 a year (\$30.00 outside the United States — U.S. Dollars)

payable to **THE FALCON CLUB OF AMERICA**

1965 Falcon Futura Hardtop

October 2001

Sam Bann of Mahanoy City, Pennsylvania sent this photo of his 1965 Futura hardtop. The photo was taken at the Centralia, Pennsylvania underground mine fires. These underground fires have been burning since 1961. Sam adds "the government has spent millions to move families out of the area, although there are still a few families living there today." Sam is a member of the Keystone Chapter.

President's Message

I am writing this message as I fly from Texas to Maryland for the Eastern Regional, sponsored by the Mason Dixon Chapter. Every National and Regional meet is unique, special in its own way. Carol and I have thoroughly enjoyed each and every one we have been fortunate enough to attend. This Regional, however, is extra special to me. Maryland is where I was born and raised, met and married my lovely wife, Carol, where our three children were born. This is where I bought my very first Falcon, my Green '65 hardtop. I first joined the FCA while residing in Maryland and was once President of the Mason Dixon Chapter. So I'm excited about returning to my FCA and family roots. I'm very proud of the folks that have kept this chapter alive all these years and are now hosting a Regional. Maybe someday they'll host a National.

It has been a fun summer for Carol and I and the Green '65 convertible. The 3 of us left in late May for the Regional Meet in Nashville, then traveled on to North Carolina and Maryland to visit relatives. We left the convertible in Maryland at my folk's house and flew back to Texas. In July we flew back to Maryland to pick up the convertible and drive to the Nationals in Connecticut. The convertible then returned to Maryland and we flew back to Texas. Now I am flying back to Maryland to pick up the convertible and head off to the Regional and then drive back to Texas. We have driven the convertible over 4000 miles since the beginning of the summer and our only problem was a bad voltage regulator at the start of our journey. Are these Falcons great or what? We hope to make 2 more Regionals before the season ends. Plan to attend the upcoming Regional in Texas! If it is anything like last year's, it will be a fun event to be a part of. Hope to see a lot of you there.

Are there any plans for a "Fall Falcon Foliage Run"? Why not get those Falcons out one more time before the cold weather sets in for a trip to the "great pumpkin patch"? Any plans of dressing up like Swoop, the Puffkin Falcon? If you live in the South as we do, we still have several months to enjoy our Falcons. In fact, Carol and I enjoy our convertible the most during our lovely Texas fall.

Again a big "thank you" to all of the chapters that have hosted a National Convention, Regional Meet, or All Ford Show this season. A super job by all!

Happy Halloween,
Steve and Carol

FCA National Business Meeting Minutes

July 14, 2001

The 22nd annual FCA National Business meeting was held on July 14 at 2:00 p.m. at the Radisson Hotel and Conference Centre in Cromwell Connecticut. President Steve Springer thanked the Northeast Chapter, on behalf of all FCA members, for the outstanding job they did in hosting this year's convention. Over 200 Falcons and about 500 members were in attendance this year. Steve asked Ray Chevalier to introduce the chapter's officers and members present. A round of applause was given to the Northeast members.

Steve introduced all the FCA officers- elected and volunteers. Althea Fleeman sent her regrets for not being able to attend her last convention as a board member.

The Regional Directors were introduced. Steve informed the membership that North Central Regional Director Ken Kenoyer is stepping down due to health reasons. The board has recommended that Cliff McKay assume his duties. Each director asked for a roll call of chapters from their respective regions. First time and long-time convention attendees were acknowledged. President Steve Springer made special mention of Founder Roy Sword and all our vendors who have contributed a great deal to the success of the club.

Dale Holland and Bob Ferguson of the Music City Chapter invited everyone to Nashville Tennessee in July 2002. The national convention will be held from July 24 to July 27. Convention registration forms are already printed and are available from the Music City Chapter at phone number 931-455-6448 or by email at ferg@edge.net.

President Springer called the meeting to order by asking for a nomination to accept the minutes of last year's meeting as they were published in the newsletter. Ron Brown (#2254) made a motion to accept the minutes. Mark Sword (#1000) seconded and the motion carried.

Bonnie Stringer gave the following Treasurer's report. Balance on hand as of June 30, 2000 was \$34,922.10 with income of \$92,604.41 giving a total of \$127,526.51. Disbursements totalled \$84,304.99. The Corresponding Secretary's account balance as of June 30, 2001 was \$6000.00. Petty cash contains \$50.00. The balance on hand as of June 30, 2001 was \$49,271.52. The special FCA account balance on hand as of July 01, 2000 was \$5352.88. Income for this account was a \$1250.00 loan payment from the Club Store. The balance on hand as of June 30 2001 was \$6602.88. Bruce Wolfe (#0949) made a motion to accept the report. Bob Matich (#8005) seconded and the motion carried.

The Audit report was requested. On Friday, July 13, 2001 the Audit committee composed of Joan Fuerst, Neal Randolph and Bruce Wolfe met with Bonnie Stringer and found no errors in the bookkeeping. Rosie Wilson (#5998) made a motion to accept the report as stated with Mark Sword (#1000) seconding. The motion carried.

Old Business:

1. At last year's annual Business Meeting, the Board of Directors proposed standard categories and car classes at all National Conventions. Discussion by those present revealed that although there was acceptance of the categories there were some questions on the makeup of the car classes. The proposal came as one and could not be split into two parts for approval. This year the board made two proposals. One proposal was to approve Standard Categories and guidelines for their use. President Steve Springer asked for a motion to accept the categories as they were published in the newsletter. Rosie Wilson (#5998) made a motion to accept and Ron Brown (#2254) seconded. A vote was held and the majority in attendance voted to

accept the proposal.

A second proposal from the board concerns adopting standard car classes at national conventions. The board proposes that these be the minimum classes at future national conventions. The hosting chapter may add classes at its discretion if the situation in their area warrants it. The addition of classes must be approved by the board prior to the convention. Bob Ferguson (#5668) stated that he would oppose the motion to accept because he feels that the board is dictating the classes to the members. Lloyd Marshment (#7115) asked how the board members would meet to approve or reject classes proposed by the hosting chapter. Steve replied that the members communicate during the year via email, letter, and phone and at a meeting during the convention. President Steve Springer then asked for a motion to accept the classes as they were published in the newsletter. Mickey Rosewell (#2729) made a motion to accept the classes. Bob Matich (#8005) seconded. A vote was held and the motion passed by a vote of 98 for versus 5 against.

2. The present bylaws have been re-formatted to make reading and understanding easier. The Regional Directors were sent copies of the old bylaws and the new bylaws and they were to forward them to all the chapter presidents. Anyone who is not in a chapter was requested to contact Russ Hoeksema to obtain a copy. Both the old and new bylaws were posted at this year prior to the Business meeting. President Steve Springer then asked for a motion to accept the bylaws as they were posted. Wendy Crosby (#7420) made a motion to accept the bylaws and Carl Henderson (#6892) seconded. A vote was held and 100% of the members in attendance voted to accept the bylaws as they were posted.

New Business:

1. Bonnie Stringer thanked the following people for their help this year. The Fuerst family, Harriet Hoeksema and Debbie Johnson for their help with the store. Gary and Kathy Nenninger for trailer sitting.

2. Election of officers:

2.1 The floor was opened for nominations to the position of President. Bob Matich (#8005) nominated Steve Springer. Carl Henderson (#6892) seconded. Glen Kuhn (#0012) made a motion to close nominations. Rosie Wilson (#5998) seconded. The majority voted in favour and the motion carried. Steve accepted and remains as President.

2.2 The floor was opened for nominations to the position of Vice-President. Ron Brown (#2254) nominated Russ Hoeksema; Carl Henderson (#6892) seconded. Gary Nenninger (#6563) made a motion to close nominations. The motion was seconded by Glen Kuhn (#0012). The majority voted in favour and the motion carried. Russ accepted and remains as Vice-President. Russ thanked all those who gave him support and comfort during his recent illness in Arkansas especially members of the Founder's chapter.

2.3 The Board of Directors re-appointed Joe Tatti as Recording Secretary and Bonnie Stringer as Treasurer for another year.

2.4 Board member Althea Fleeman retired. The following members were nominated.

Bob Ferguson - by James Harner (#6011), seconded by Dale Holland (2957). Bob declined the nomination.

Bruce Wolfe- by Chet Wisneski (#4678), seconded by Carl Henderson (#6892)

Mickey Rosewell- by Ron Brown (#2254), seconded by Mark Sword (#1000)

Ray Chevalier- by Gary Nenninger (#6563), seconded by Karl Clark

(#1359)

Glen Kuhn (#0012) made a motion to close nominations, which was seconded by Roy Sword (#0001). The motion carried.

A vote was held and Ray Chevalier is the new board member.

3. The Board of Directors- highlights from the meeting held on July 11.

3.1 The board has approved a national roster to be published. It should be out by the end of the year. For the first publication, members' phone numbers and email addresses will not be included. If any member wishes to have their phone number listed they can insert the number in the space provided on their next renewal form. Bev Engle (#6257) asked that all members consider adding their phone number, as it is helpful when searching for emergency assistance on the road. The roster will be listed by state/province but will not be posted on the Internet to protect the members' privacy.

3.2 The 2003 convention will be held in Texas.

3.3 There is no national club photographer. The hosting chapters must take care of this function at national conventions. The photographs are required for the December national newsletter.

4. Paul Zontek (#9956) asked if there were any guidelines for displaying cars at the nationals. Should hoods be up or down? Should convertible tops be up or down? Steve replied that there are no guidelines. It is up to the owner of the car how he displays the vehicle.

5. Jack and Diane Leeds from Michigan presented a poster depicting 100 years of "Ford Racing and Safety Behind the Wheel" to the Northeast chapter.

6. Ron Brown (#2254) made a motion to adjourn. Ray Roberts (#0052) seconded. The meeting was adjourned.

IGNITOR II by PERTRONIX™

Fits '60 - '70 1/2 with 8 cyl.

Operating Voltage: 8-V to 16-V DC

Temperature Range: -50 to 300F

RPM Range: 0 to 15,000 rpm

12 volt NEG ground

Millions have upgraded their point-type ignitions with the Ignitor electronic module, gaining horsepower, quicker starting and longer plug life. Ignitor II takes it a step further by adding a powerful new microcontroller, that controls the dwell period, for the best possible spark over the entire RPM range. The Ignitor II senses current levels in the coil and adjusts the dwell to maintain peak energy throughout the entire RPM range. Ignitor II also shares the same features that make the current Ignitor so popular: It fits entirely inside the distributor for a stock look, installs easily, and you'll never change or adjust points again.

- Dwell time is increased or decreased with changing engine RPM and operating conditions. This provides more energy at high RPM, reducing misfires while improving engine performance.
- Compared to point-type systems, develops on average 4 times more available energy between 3000 and 5000 RPM, and two times more available plug voltage.
- Compared to the original Ignitor, develops on average 3 times more available energy between 3000 and 5000 RPM, and nearly doubles available plug voltage.

Calendar of Events
